

Sweetwater Construction Corp. is a mid-sized General Contracting/Construction Management firm located in Cranbury, NJ. Sweetwater builds for corporations and institutions throughout New Jersey. We specialize in interior renovations and new buildings, primarily in the private sector.

We are seeking an **Assistant Estimator** for lump-sum bids, CM proposals, budgets, and negotiated work.

The top candidates should have at least 1-2 years experience that includes an ability to perform takeoffs, estimates and value engineering. Health care and technical project experience are a plus. Candidates should have ability to estimate interior renovations, new buildings, and adaptive re-use. Knowledge of wide-format printer use and managing plan distribution to subcontractors. Team player attitude and client interaction skills are keys to success in this position.

Knowledge of Microsoft Office products, especially Excel, is absolutely necessary.

We offer a very competitive compensation program and a comprehensive benefits package that includes medical/dental (90% employer paid), profit sharing and 401k.

Please respond with a current resume that includes a recent specific project list.
